# YOU could save a life by joining the Anthony Nolan Bone Marrow Register

YOU could help save someone's life by becoming a bone marrow donor. For more details, simply come along to the registration session detailed below. All that is required to join the bone marrow register is to read our information booklet, fill in a form and, if eligible, give a small blood sample. It's that simple!

## How YOU can help...

If you are aged 18-40 and in good health, then we need you to join our register. One day you could go on to save someone's life.
